* Peshawar, Pakistan — Chitral (Permanent)

Profile

Recent Civil Engineering graduate from UET Peshawar with practical exposure to cost estimation, quantity surveying, project planning, and scheduling. Skilled in BOQ preparation, quantity takeoff, cost estimation, rate analysis, contractor billing, work-done verification, and site assessment, with knowledge of Primavera P6, project planning, WBS development, activity sequencing, critical path analysis, and progress monitoring. Proficient in Microsoft Excel, AutoCAD, Revit, and Primavera P6, with a career focus on Estimation, Quantity Surveying, and Planning Engineering.

Education

B.Sc. Civil Engineering 2022 – 2026
University of Engineering and Technology (UET), Peshawar

Work Experience

NESPAK – National Engineering Services Pakistan Jul 2024 – Oct 2024
Intern Engineer — Chitral–Booni–Mastuj–Shandur Road Project

- Assisted the Assistant Regional Engineer (ARE) with project documentation and official correspondence.
- Assisted with quantity takeoffs and preparation of project-related documents.
- Participated in site visits and supported day-to-day project activities.

Final Year Design Project

Sustainable Self-Healing Cementitious Material: Bio-Mineralization and AI-Driven Solutions for Climate Adaptation. 2025 – 2026

- Developed self-healing mortar using *Bacillus subtilis* and calcium lactate.
- Evaluated crack-healing efficiency and compressive strength under varying temperatures.
- Applied ImageJ and machine learning for crack analysis and performance prediction.

Achievements

Winner – Hult Prize Campus Round 2025–26, UET Peshawar

- Startup “EverCrete” focused on self-healing sustainable concrete.
- Selected as campus winner among 38+ teams across engineering departments.

Skills

- **Cost Estimation and Quantity Surveying:** BOQ Preparation, Quantity Takeoff, Cost Estimation, Rate Analysis, Contractor Billing, Work-Done Verification, Site Assessment.

- **Planning:** Primavera P6, Project Planning and Scheduling, WBS Development, Activity Sequencing, Activity Relationships, Critical Path Method (CPM), Baseline Development, Schedule Updating, Progress Monitoring, Float Analysis.
- **Software:** Microsoft Excel, Primavera P6, AutoCAD, Revit, SAP2000, QGIS, Microsoft Office.
- **Additional Competencies:** BIM Modeling, Drawing Review, Technical Documentation.

Certifications

- Estimating Fundamentals — University of California, Davis (2025)
- Financial Statement in Excel — Coursera (2025)
- Revit Complete Course — Udemy (2025)
- AutoCAD 2D & 3D — eHunar Program (2024)

Conferences & Seminars

- International Conference on Climate Resilient Infrastructure (2025)
- GHAR: Green Housing Challenges & Opportunities (2023)
